2006 Napa Valley White Zinfandel

Our means of bringing you consistently delicious wines remains unchanged since 1983: we hand-pick our 100% Napa Valley zinfandel fruit riper than most producers and leave less residual sugar. Riper fruit translates to flavors like wild berries and strawberries; yes, real red zinfandel fruit flavors! The end result is a wine with more red zinfandel berry character and a less sweet, more refreshing taste.
