

2022 Buehler Vineyards Papa's Knoll Cabernet Sauvignon

Historically, we've produced one Estate Cabernet Sauvignon at Buehler Vineyards in which we blend wines from various vineyard blocks: a melding of the disparate characteristics into one whole wine. From time to time, we're tempted to showcase a particular vineyard block for its unique character by bottling it on its own. Beginning with the 2004 vintage, we gave in to the temptation and bottled a very limited amount of wine from Papa's Knoll's vineyard which is only sold directly from the winery or through our wine club.

What is Papa's Knoll and where is it located? Named after the landform in front of "Papa's" (The late John Buehler, Sr.) house, this is our oldest vineyard block of Cabernet Sauvignon. The face of the knoll is steeply terraced with an easterly exposure; the top of the knoll is best described as a shallow bowl with no rim on the south side. This three-acre block was planted in 1971 and is the only dry-farmed Cabernet block on the estate. The fact that we pay the pickers by the hour rather than by the ton to pick this block is testament to the ruggedness and inaccessibility of this block that routinely gives us little more than two tons of grapes per acre.

What differentiates the wines from Papa's Knoll from our other vineyard blocks? A few terms spring to mind: power, color, depth. If a dark, lushly textured, concentrated wine is your goal, this wine argues that dry-farming old vines is a good way to achieve it.

Papa's Knoll is typically the first block harvested off the Estate; dry-farming as well as the light-cropped nature of this block ensures that it delivers its bounty a full 7-20 days earlier than our other Estate blocks.

Tasting observations: The color is skewed to the blue end of the Cabernet spectrum and is opaque in nature. The aromas hint at black fruit: ripe black cherries and black plums. Enticing barrel qualities of cola spice and a hint of dried tarragon complement the fruit aromas.

The culmination of the 2022 Cabernet growing season gave us two very distinct harvests: the first for our Estate Cabernet blocks and the other for our Napa Valley blocks some fifteen miles to the south. The two days of unseasonal heat around September 5 initiated a flurry of activity in the vineyard to pick our Estate grapes within a couple days while our Napa Valley Cabernet grapes enjoyed another two weeks on the vine allowing for a long and leisurely harvest. As always, the Papa's Knoll Block was the first Estate block to come off in 2022 owing to its dry-farmed, earlier-ripening nature.

On the palate, the wine shows layers of deeply extracted flavors that only old vine hillside vineyards can render. Papa's Knoll Cabernet may be enjoyed anytime over the next 20 years. For those who seek youthful fresh cabernet fruit aromas and a more structured wine, drink it from 2024 through 2029. If you prefer the less fruity, more developed bottle bouquet aromas and a softer, more velvety wine on the palate, drink it from 2030-2043.
